Part II Course Details

Abstract

To provide students, whether they already have a background in economics or not, with the capacity to use economic and finance concepts to analyze housing and urban issues.

At the end of this course student should have: a good understanding of the basic determinants of the demand for and supply of housing and urban services, and relevant factors that influence tenure choice; a good understanding of the principles of housing and urban finance, and the nature and role of mortgage instruments in the financing of home ownership; the reasons for government intervention in housing and urban finance; the forms of intervention; the principles of financing; the practice and issues of urban financial and budgeting management in Hong Kong and other big cities. Students will discover their ability and accomplishments to apply the economic theories to the current issues in housing and urban issues.

Course Intended Learning Outcomes (CILOs)

CILOs		Weighting (if app.)	DEC-A1	DEC-A2	DEC-A3
1	Apply basic economic principles to analyse the supply and demand of housing, urban budgeting and the reason for government intervention.	20	x		
2	Apply housing and urban economic theory in analysing the local property market and urban issues	25			x
3	Apply the principles of housing and urban finance to analyse the different modes of financing for the public and the private sector	25			x
4	Evaluate critically housing and urban finance in an international context	30		x	

A1: Attitude

Develop an attitude of discovery/innovation/creativity, as demonstrated by students possessing a strong sense of curiosity, asking questions actively, challenging assumptions or engaging in inquiry together with teachers.

A2: Ability

Develop the ability/skill needed to discover/innovate/create, as demonstrated by students possessing critical thinking skills to assess ideas, acquiring research skills, synthesizing knowledge across disciplines or applying academic knowledge to real-life problems.

A3: Accomplishments

Demonstrate accomplishment of discovery/innovation/creativity through producing /constructing creative works/new artefacts, effective solutions to real-life problems or new processes.

Learning and Teaching Activities (LTAs)

LTAs		Brief Description	CILO No.	Hours/week (if applicable)
1	Readings	Students have to read relevant readings before each lecture and seminar session.	1, 2, 3, 4	3

2	Lectures	Students will - acquire knowledge of the concepts, values, and development of housing and urban economics and finance. - develop their analytical and critical capabilities to discuss issues in housing and urban economics and finance. - apply the theoretical knowledge to analyse empirical cases.	1, 2, 3, 4	2
3	e-learning platform	On-line availability of lecture materials, questions, response, debate, and discussion on readings, lectures materials, and contemporary issues related to housing and urban economics and finance.	1, 2, 3, 4	0.5
4	seminars	Students will - analyse and debate on key issues and concerns in the field of housing and urban economics and finance. - apply the economic theories to analyse issues in the Hong Kong context. - generate new ideas on selected topics in which they will conduct research and analysis.	1, 2, 3, 4	1

5	Group work	A combination of group work; problem-based investigation, group discussion and team learning: - students will be divided into groups and give a presentation of a topic related to housing and urban economics or housing finance. - To promote problem-based and team learning, apart from a presentation, students will be assigned to prepare a commentary and critic notes on others' presentation and present on tutorial class. - Students will comment on each other's performance and appraise their classmates' participation in tutorials, presentation skills, and research analysis.	1, 2, 3, 4	2
6	Essay-writing	Students have to compose a group paper of 2,500-3,000 words, based on students' presentation and others' comment.	1, 2, 3, 4	1.5

Assessment Tasks / Activities (ATs)

	ATs	CILO No.	Weighting (%)	Remarks (e.g. Parameter for GenAI use)
1	Group Presentation	1, 2, 3, 4	10	
2	Commentary and Participation	1, 2, 3, 4	10	
3	Term paper: 2,500 – 3,000 words	1, 2, 3, 4	30

Assessment Rubrics (AR)**Assessment Task**

Written assignments (for students admitted before Semester A 2022/23 and in Semester A 2024/25 & thereafter)

Criterion

- 1 Understand the concepts, relevance and integration of course materials;
- 2 Analyze and evaluate relevant contents learned from course;
- 3 Organize a good written structure and well-designed research methodology;
- 4 Master a high overall written quality as well as logical written skills.

Excellent

(A+, A, A-) Excellent knowledge of the economic and financial variables, concepts and theories that influence the operation of the housing market; Strong ability to identify key challenges; Excellent research, writing and communication skills to organize and generate new perspectives present ideas orally and in written papers; Highly innovative ideas and critical attitude in analyzing housing and urban issues

Good

(B+, B, B-) Satisfactory performance in applying the knowledge of the economic and financial variables, concepts and theories that influence the operation of the housing market; Fair ability to identify key challenges; Good research, writing and communication skills with some potential to develop critical, and independent analysis; fairly innovative and new ideas and critical attitude in analyzing housing and urban issues

Fair

(C+, C, C-) Only basic and limited knowledge on economic and financial theories on the operation of housing market; Superficial analysis of the basic materials; Generally acceptable standard of research, writing and communication skills with some limitations; Very little innovative ideas and critical attitude in analysing housing and urban issues

Marginal

(D) Very limited understanding of basic knowledge on housing economics and finance demonstrated; Occasionally irrelevant materials and theories presented with some inappropriate examples; Marginal standard of research, writing and communication skill with a number of limitations; very limited and almost no innovative ideas and critical attitude in analysing housing and urban issues

Failure

(F) Almost no knowledge of housing economics and finance; Almost no ability to identify key challenges; Inadequate research, writing and communication skills; no innovative ideas and critical attitude in analysing housing and urban issues

Assessment Task

Examination (for students admitted before Semester A 2022/23 and in Semester A 2024/25 & thereafter)

Criterion

- 1 Relevance: it directly answers the question?
- 2 Understanding of the topic
- 3 Evidence of the use of appropriate theory or practices;
- 4 Organisation of material into a coherent structure;
- 5 Clear written style, including accurate spelling, clear sentence construction and punctuation.

Excellent

(A+, A, A-) Excellent knowledge of the economic and financial variables, concepts and theories that influence the operation of the housing market; Strong ability to identify key challenges; Excellent research, writing and communication skills to organize and generate new perspectives present ideas orally and in written papers; Highly innovative ideas and critical attitude in analyzing housing issues

Good

(B+, B, B-) Satisfactory performance in applying the knowledge of the economic and financial variables, concepts and theories that influence the operation of the housing market; Fair ability to identify key challenges; Good research, writing

and communication skills with some potential to develop critical, and independent analysis; fairly innovative and new ideas and critical attitude in analyzing housing issues

Fair

(C+, C, C-) Only basic and limited knowledge on economic and financial theories on the operation of housing market; Superficial analysis of the basic materials; Generally acceptable standard of research, writing and communication skills with some limitations; Very little innovative ideas and critical attitude in analysing housing issues

Marginal

(D) Very limited understanding of basic knowledge on housing economics and finance demonstrated; Occasionally irrelevant materials and theories presented with some inappropriate examples; Marginal standard of research, writing and communication skill with a number of limitations; very limited and almost no innovative ideas and critical attitude in analysing housing problems and issues

Failure

(F) Very limited understanding of basic knowledge on housing economics and finance demonstrated; Occasionally irrelevant materials and theories presented with some inappropriate examples; Marginal standard of research, writing and communication skill with a number of limitations; very limited and almost no innovative ideas and critical attitude in analysing housing problems and issues

Assessment Task

Written assignments (for students admitted from Semester A 2022/23 to Summer Term 2024)

Criterion

- 1 Understand the concepts, relevance and integration of course materials;
- 2 Analyze and evaluate relevant contents learned from course;
- 3 Organize a good written structure and well-designed research methodology;
- 4 Master a high overall written quality as well as logical written skills.

Excellent

(A+, A, A-) Excellent knowledge of the economic and financial variables, concepts and theories that influence the operation of the housing market; Strong ability to identify key challenges; Excellent research, writing and communication skills to organize and generate new perspectives present ideas orally and in written papers; Highly innovative ideas and critical attitude in analyzing housing and urban issues

Good

(B+, B) Satisfactory performance in applying the knowledge of the economic and financial variables, concepts and theories that influence the operation of the housing market; Fair ability to identify key challenges; Good research, writing and communication skills with some potential to develop critical, and independent analysis; fairly innovative and new ideas and critical attitude in analyzing housing and urban issues

Marginal

(B-, C+, C) Only basic and limited knowledge on economic and financial theories on the operation of housing market; Superficial analysis of the basic materials; Generally acceptable standard of research, writing and communication skills with some limitations; Very little innovative ideas and critical attitude in analysing housing and urban issues

Failure

(F) Almost no knowledge of housing economics and finance; Almost no ability to identify key challenges; Inadequate research, writing and communication skills; no innovative ideas and critical attitude in analysing housing and urban issues

Assessment Task

Examination (for students admitted from Semester A 2022/23 to Summer Term 2024)

Criterion

- 1 Relevance: it directly answers the question?
- 2 Understanding of the topic
- 3 Evidence of the use of appropriate theory or practices;
- 4 Organisation of material into a coherent structure;
- 5 Clear written style, including accurate spelling, clear sentence construction and punctuation.

Excellent

(A+, A, A-) Excellent knowledge of the economic and financial variables, concepts and theories that influence the operation of the housing market; Strong ability to identify key challenges; Excellent research, writing and communication skills to organize and generate new perspectives present ideas orally and in written papers; Highly innovative ideas and critical attitude in analyzing housing issues
