# ABOUT THE SCHEME

The aim of the Student Athletes Admission Scheme is to provide opportunities for outstanding student-athletes to study at CityUHK. Since the introduction of the scheme in 1997, more than 1,200 students with high sports performance standards have been admitted to the university's degree programmes.

The Scheme will be extended to non-local student-athletes for application to both undergraduate studies and Master's programme. Through the provisions of scholarships, we hope to attract high performing international athletes to CityUHK and further enhance the performance of our sports teams.
