

紅絨球 (Red Powder Puff)

Calliandra haematocephala

常綠灌木，原生於南美洲。有二回羽狀複葉，花期很長，夏季會開鮮紅色花朵，短小管狀的花瓣能組成形態獨特的球狀花朵。

Red Powder Puff is an evergreen shrub which is native to South America. It has bipinnate leaves. During the long flowering period, it produces red flowers and the tubular petals can form distinctive spherical flowers.

名稱 Common Name	紅絨球 Red Powder Puff
