

Upgrade of Sports Facilities Booking & Information (SFBI) System

We are delighted to announce that online payment will be made available on the Sports Facilities Booking & Information (SFBI) System through CityU Pay soon. After this upgrade, users could opt to book our sports facilities in two ways:

- a) Make an online booking via SFBI followed by an instant online payment via CityU Pay.
- b) Make booking and payment in person at our booking counters.

Apart from the online payment enablement, the following new features will also be made available in SFBI after this system upgrade:

- Email booking confirmations and e-receipt will be sent to the user's CityU email account.
- New Log-in Page with Single Sign-On (SSO) function and expandable announcements;
- User's Profile Page allows users to set a maximum of 3 preferred facilities and a maximum of 3 preferred days within a week for each facility. The preferred facilities and relevant available sessions will be displayed right after you log in for easy booking.
- reCaptcha authentication prior to booking confirmation for protecting the system against spamming bot activities.

For more detail, please visit our website at:
